Copyright 1916 General Roofing Manufacturing Co.

"From Greenland's icy mountains,  
From India's coral strand,  
Where Africa's sunny fountains  
Roll down their golden sand,  
From many a distant river,  
From many a palmy plain,  
They call us to deliver  
Their heads from sun and rain."

You will find CERTAIN-TEED affording equal protection from the snow and ice of the Arctic, and the sun and rain of the Tropics. It is literally "the roof of the world".

Making roofing is the General's chief business. He makes one-third of all the roll roofing made in America—thirty-nine other manufacturers make the balance. Such predominance is due to the General's ability to make the highest quality roofing at the lowest cost.

Every advantage that men, money, mills and machinery can offer is used to increase production, maintain quality and lower the cost. The result is that today CERTAIN-TEED, the world's best quality, costs less than inferior roofing cost ten years ago.

CERTAIN-TEED is made of the best quality roofing felt, thoroughly saturated with a scientific blend of soft asphalt, the formula of the General's board of expert chemists. It is then coated with a blend of harder asphalt, which keeps the inner saturation soft and prevents the drying-out process so destructive to ordinary roofing.

CERTAIN-TEED is guaranteed for 5, 10 or 15 years, according to ply (1, 2 or 3). Experience proves that it lasts longer.

CERTAIN-TEED is made in rolls; also in slate-surfaced shingles. There is a type of CERTAIN-TEED for every kind of building, with flat or pitched roofs, from the largest sky-scraper to the smallest residence or out-building.

CERTAIN-TEED is sold by responsible dealers all over the world at reasonable prices. Investigate it before you decide on any type of roof.

### SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell."

I tried most every kind of medicine, but none did me any good. I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it."

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlastingly tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.

### Husband and Wife Both Saved From Suffering

I wish to tell you the good results myself and husband received from Dr. Kilmer's Swamp-Root. About eleven years ago I had a severe attack of La Grippe and was confined to my bed about eight weeks under the doctor's care. He pronounced my case kidney trouble and rheumatism and not receiving the results from the doctor's treatment I should have received, I decided to try Swamp-Root. After taking several bottles of Swamp-Root I was able to get up and attend to my work. About a year later my husband was affected with a severe attack of kidney trouble and doctored for some time with the doctors and received no benefit. Knowing of the good I had received, he decided to try Swamp-Root. His condition was such that he was confined to his bed and words cannot tell how he suffered, but after taking Swamp-Root he was relieved so he could go on with his work without pain. I wish to heartily recommend Swamp-Root to all persons afflicted with kidney and bladder trouble and you may publish this letter if you wish.

Your truly,

### How Machines do Our Shorthand, Our Bookkeeping, Our Adding, Our Typing, Our Talking,

No hard work can be as accurate as Machine Work.

Our Shorthand Machine—the Stenotype prints shorthand in just the same letters you learned when you were six years old. No hieroglyphics—just plain A, B, C, which anyone can read.

Have you seen it? Well you have something of interest still to see. Make your mind up to look into this little device to-day. It will pay you to do it.

Don't stand still. Don't go backwards. Remember what you said about the Adding Machine, a few years ago.

Write us about your wishes, your ambitions. You will not be the first boy or girl, by many hundreds we have helped solve the problem of "How to make a living."

Are you thinking of training for a profession or a trade?

We used to say "The quickest way to success in any profession is learning Shorthand." We still say so, but by all means learn it the "Machine Way."

Our School has added Shorthand Machines just as we added, years ago, Typewriters, Adding Machines, Mimeographs. (And we have not forgotten to keep them MODERN), etc., because the Public demands new and up-to-date facilities for making the busy man's work easy.

Modern Bookkeeping is very little like what it was thirty years ago.

WE KEEP ABREAST  
THE TIMES.
